INTRODUCTION

WorkSource Washington

The Governor of Washington State has designated the Employment Security Department (ESD) to administer the implementation of nondiscrimination and equal opportunity (EO) provisions of the Workforce Investment Act (WIA) of 1998.

The ESD Commissioner has ultimate responsibility for administration of the EO program and on behalf of the Governor ensures all recipients comply with the provisions contained in these regulations. The ESD Commissioner reports to the Governor.

By submitting a Methods of Administration, the Governor agrees to follow its provisions fully. Failure to do so may result in a finding of noncompliance by the U.S. Department of Labor's (USDOL) Civil Rights Center. See 29 CFR §37.65(a).

ESD and its recipients are jointly and severally liable for all violations of the nondiscrimination and equal opportunity provisions of WIA and 29 CFR Part 37 by the recipient, unless ESD has:

- Established and adhered to a Methods of Administration;
- Entered into a written contract with the recipient that clearly establishes the recipient's obligations regarding nondiscrimination and equal opportunity;
- Acted with due diligence to monitor the recipient's compliance with these provisions; and
- Taken prompt and appropriate corrective action to effect compliance.

If the Director of the Civil Rights Center determines that ESD has demonstrated substantial compliance with the requirements, he or she may recommend to the USDOL Secretary that the imposition of sanctions against ESD be waived and that sanctions be imposed only against the noncomplying recipient. The Civil Rights Center may monitor ESD's as well as recipients' compliance with the requirements.

WASHINGTON STATE

METHODS OF ADMINISTRATION

Background: WorkSource Washington

WorkSource Washington is Washington State's One-Stop delivery system. It provides a comprehensive and integrated interface that allows both employers and job seekers easier access to workforce services and information through WorkSource Centers and affiliate sites.

WorkSource Washington consists of 12 geographic workforce development areas (WDA): Olympic, Pacific Mountain, Northwest, Snohomish County, Seattle-King County, Tacoma/Pierce County, Southwest, North Central, South Central, Eastern Washington, Benton-Franklin, and Spokane. A Local Workforce Investment Board heads each WDA. For purposes of this document, the local workforce investment boards will be referred to as the Workforce Development Councils (WDC). Attachment 1C provides a list of the WDCs, their addresses, and the names of the directors.

In 1999, Governor Gary Locke issued Executive Order No. 99-02 in compliance with WIA requirements. Section 1 of the Executive Order directs that, *"The Workforce Board shall act as the Workforce Investment Board for purposes of the federal WIA of 1998."* (See Attachment 1D)

In accordance with RCW 28C.18.020, the Workforce Investment Board consists of nine voting members. Each is appointed by the Governor, with the Washington State Senate's consent, and consists of three representatives from each of the following sectors: business, labor, and state government. The Superintendent of Public Instruction, the Executive Director of the State Board for Community and Technical Colleges and the Commissioner of the Employment Security Department represents state government. There are also two nonvoting participants: the Board Chair, who represents the Governor, and one other individual appointed by the chair to represent racial and ethnic minorities, women and people with disabilities. The Board and the 12 WDCs work in partnership to develop the state-unified plan, designed to meet WIA implementation requirements.

Workforce Innovation and Opportunity Act

When the provisions of the Workforce Innovation and Opportunity Act (WIOA) become effective in 2015, this MOA will apply to its provisions unless otherwise indicated by communications and/or revision. The Civil Rights Center Director stated in October 2014 at the National Association of State Workforce Agencies Equal Opportunity Committee conference that Section 188 of the WIA would remain unchanged in the WIOA. However, there will be changes, none major, to 29 CFR Part 37, the regulations for Section 188 of the WIOA that will become effective by July 2016.

WIA Section 188/29 CFR Part 37 Pertinent Definitions

The following definitions in pertinent part are found at 29 CFR §37.4 and apply to this Methods of Administration:

Recipient means any entity to which financial assistance under WIA Title I is extended, either directly from the Department or through the Governor or another recipient (including any successor, assignee, or transferee of a recipient), but excluding the ultimate beneficiaries of the WIA Title I-funded program or activity. In instances in which a Governor operates a program or activity, either directly or through a State agency, using discretionary funds apportioned to him or her under WIA Title I (rather than disbursing the funds to another recipient), the Governor is also a recipient. ``Recipient" includes, but is not limited to:

- (1) State-level agencies that administer, or are financed in whole or in part with, WIA Title I funds;
- (2) State Employment Security Agencies;
- (3) State and local Workforce Investment Boards;
- (4) LWIA grant recipients;
- (5) One-Stop operators;
- (6) Service providers, including eligible training providers;
- (7) On-the-Job Training (OJT) employers;
- ...
- ...

In addition, for purposes of this part, One-Stop **partners**, as defined in section 121(b) of WIA, are treated as ``recipients," and are subject to the nondiscrimination and equal opportunity requirements of this part, to the extent that they participate in the One-Stop delivery system."

Service provider means:

- (1) Any operator of, or provider of aid, benefits, services, or training to:
 - (a) Any WIA Title I-funded program or activity that receives financial assistance from or through any State or LWIA grant recipient; or
 - (b) Any participant through that participant's Individual Training Account (ITA); or
- (2) Any entity that is selected and/or certified as an eligible provider of training services to participants.

METHODS OF ADMINISTRATION

State Programs means programs financially assisted in whole or in part under Title I of WIA in which either:

- (1) The Governor and/or State receives and disburses the grant to or through LWIA grant recipients; or
- (2) The Governor retains the grant funds and operates the programs, either directly or through a State agency.

``State programs" also includes State Employment Security Agencies, State Employment Service agencies, and/or State unemployment compensation agencies.

WIA Title I-funded program or activity means:

- (1) A program or activity, operated by a recipient and funded, in whole or in part, under Title I of WIA, that provides either:
 - (i) Any aid, benefits, services, or training to individuals; or
 - (ii) Facilities for furnishing any aid, benefits, services, or training to individuals;
- (2) Aid, benefits, services, or training provided in facilities that are being or were constructed with the aid of Federal financial assistance under WIA Title I; or
- (3) Aid, benefits, services, or training provided with the aid of any non-WIA Title I funds, property, or other resources that are required to be expended or made available in order for the program to meet matching requirements or other conditions which must be met in order to receive the WIA Title I financial assistance.

See the definition of ``aid, benefits, services, or training" in this section.

Financial assistance under Title I of WIA means any of the following, when authorized or extended under WIA Title I:

- (1) Any grant, subgrant, loan, or advance of Federal funds, including funds extended to any entity for payment to or on behalf of participants admitted to that entity for training, or extended directly to such participants for payment to that entity;
- ...
- ...

Any other agreement, arrangement, contract or subcontract (other than a Federal procurement contract or a contract of insurance or guaranty), or other instrument that has as one of its purposes the provision of assistance or benefits under WIA Title I.

ELEMENT ONE

DESIGNATION OF STATE- AND LOCAL-LEVEL EQUAL OPPORTUNITY OFFICERS 29 CFR 37.54(d)(1)(ii)

Washington State addresses how it and its recipients are complying and will continue to comply with the requirements of 29 CFR 37.23 through 37.28. In summary, any individual appointed as EO Officer should have the skill, ability, knowledge and authority to properly oversee and direct the EO program to which that individual has been assigned.

The nondiscrimination and equal opportunity provisions contained in 29 CFR 37.23 require that all recipients, except small entities and service providers, designate EO Officers. These provisions describe who can serve as EO Officers and what their responsibilities are.

EO Officer Designation at State Level

Mr. Kintu Nnambi, Diversity, Inclusion and Equal Opportunity Manager, is the designated State Equal Opportunity Officer. Attached are ESD's and the Human Resources and Operational Support Division's organizational charts to show the location of the State EO Officer. (Attachments 1A-1 and 1A-2) Mr. Nnambi has oversight responsibility for coordinating, implementing, maintaining and monitoring the nondiscrimination and equal opportunity requirements under the U.S. Department of Labor (USDOL) regulations 29 CFR Part 37 and Title VI of the Civil Rights Act of 1964, as amended. (See Attachment 1B-1)

Mr. Nnambi reports to Ron Marshall, Assistant Commissioner, Human Resources and Operational Support Division. On matters related to EO and nondiscrimination, Mr. Nnambi has direct access to the ESD Commissioner, Dale Peinecke, and the Deputy Commissioner, Lisa Marsh.

Mr. Nnambi's position description does not include duties and responsibilities that would constitute or appear to constitute a conflict of interest. If instances arise where the appearance of a conflict is presented, the Assistant Commissioner of the Human Resources and Operational Support Division will assign the duties to other staff or contract the work out to an independent investigator. Examples of potential conflicts of interest include discrimination complaints by HR managers and discrimination

METHODS OF ADMINISTRATION

complaints about personnel selections in which the State EO Officer or the Assistant Commissioner of the Human Resources and Operational Support Division was involved in the selection process.

Mr. Nnambi's duties include the following:

- Coordinating and ensuring Washington State compliance with Section 188 of the WIA, 29 CFR Part 37 and Title VI of the Civil Rights of 1964, as amended.
- Serving as the state's liaison with the Civil Rights Center.
- Providing technical guidance to WDC EO Officers statewide to ensure compliance with the U.S. Department of Labor and other federal and state laws, regulations, policies, procedures and directives.
- Monitoring and investigating recipients' activities to ensure compliance with WIA nondiscrimination and EO requirements.

Mr. Nnambi has 20 years of experience as an Equal Opportunity Officer/Civil Rights Manager administering external and internal programs in federally assisted state government agencies. Mr. Nnambi's experience and extensive training have provided him with a strong background in the areas needed to successfully carry out his assigned duties as the State EO Officer. He has a Master of Public Administration degree and a Bachelor of Arts in Social Sciences.

The Civil Rights Center (CRC) will be promptly notified if the designation of the State EO Officer changes.

Staff resources in support of Mr. Nnambi are:

- Administrative Assistant: Jeanette Nelson provides administrative support to the Human Resources and Operational Support Division and provides limited administrative assistance to the State EO Officer. (Attachment 1B-4)

Workforce and Career Development Division: The Workforce and Career Development Division (WCDD) administers WIA Title IB programs. Mr. Alberto Isiordia is the program complaint lead for WIA and Wagner-Peyser complaints elevated to the state level. Mr. Isiordia forwards discrimination complaints to the State EO Officer and collaborates, when needed, on the investigation. Mr. Isiordia is also the State Monitor Advocate. (Attachment 1B-5)

- Unemployment Insurance Division Support: The UI Division administers the unemployment benefits as well as the tax assessment and collections programs.
 - Data Specialist: Mr. Greg Jasperson is a data manager in the Budget, Performance & Research division who manages data for the UI Benefits

METHODS OF ADMINISTRATION

program. Mr. Jaspersen provides EO data reports on UI claimants and assists in conducting data analysis for State EO Officer UI Benefits program compliance monitoring reviews. (Attachment 1B-6)

- Claims Center Operations: Ms. Jennifer Tecca is the Spokane Claims Center Intake Manager. Ms. Tecca assists the State EO Officer in gathering and providing information for customer service and/or discrimination complaints in the UI Benefits Program. (Attachment 1B-8)

- Communications Office: Ms. Alicia Cárdenas-Short is a Communications Consultant who conducts outreach and coordinates language services for the UI division. The department is considering broadening her scope to coordinating language services department-wide. She will then use her expert skills as a certified Spanish language interpreter and translator to translate and/or arrange translation and interpretation agency-wide on a consistent basis. The State EO Officer provides system-wide policy and compliance technical assistance. Ms. Cárdenas-Short assists the State EO Officer by addressing language service delivery, collecting and analyzing data and reports on UI Benefits program LEP customers and coordinating UI EO/nondiscrimination issues with the State EO Officer. She, along with others will also assist the State EO Officer in conducting EO monitoring reviews of the UI Benefits program. Ms. Cárdenas-Short is a member of the agency's Diversity Steering Committee. (Attachment 1B-9)

This structure adheres to USDOL requirements by designating a higher-level officer of the agency with direct access to the Commissioner and Deputy Commissioner who is accountable for equal opportunity/nondiscrimination in the Washington WorkSource system and in all agency programs and employment practices.

Also attached are job descriptions for the State EO Officer, and the WIA and UI Program staff. (Attachments 1B-1 – 1B-9)

EO Officer Designation at the Local Level

In compliance with the nondiscrimination requirements for the MOA, each WDC has a designated local EO Officer: Bob Potter, Olympic Consortium WDC; Craig Clark, Pacific Mountain WDC; Balinda Bjaaland, Northwest Workforce Council; Paul Garcia, Workforce Snohomish; Marcelle Wellington, Seattle-King County WDC; Dolly Garcia, Workforce Central; Tim Foley, Southwest Washington WDC; Dave Petersen, North Central Washington WDC; Chuck Padorr, South Central WDC; Tom O'Brien, Eastern Washington Partnership WDC; Cos Edwards, Benton-Franklin WDC; and Dawn Karber, Spokane WDC. Attached are the job descriptions, organizational charts, and percentages of time committed to EO matters (also outlined in the table below). (Attachments 1E-1 – 1E-12) Washington State addresses designation of Local EO

WASHINGTON STATE

METHODS OF ADMINISTRATION

Officers, potential conflicts of interest and accountability on a case-by-case basis. Conflicts of interest continue to be reviewed through the monitoring process by the State EO Officer. To date there have been no conflicts of interest.

Local EO Officers are responsible for, but are not limited to:

- Conducting EO/nondiscrimination monitoring reviews and investigating the activities of service providers and other recipients in their area to ensure compliance with the nondiscrimination and EO obligations under WIA and 29 CFR Part 37.
- Reviewing written policies to ensure they are nondiscriminatory.
- Developing and publishing procedures for processing discrimination complaints and ensuring adherence to the procedures.
- Coordinating local-level WIA EO responsibilities to include ensuring service providers' compliance with the nondiscrimination and EO provisions of WIA.

The percentage of time each local-level EO Officer spends on EO-related matters is referenced in the table below:

WDA	Workforce Development Council	EO Officer	% of Time on EO Matters
I.	Olympic Consortium	Bob Potter	10%
II.	Pacific Mountain	Craig Clark	10%
III.	Northwest	Malinda Bjaaland	10%
IV.	Snohomish County	Paul Garcia	10%
V.	Seattle-King County	Marcelle Wellington	30%
VI.	Tacoma/Pierce County	Dolly Garcia	8%
VII.	Southwest Washington	Tim Foley	10%
VIII.	North Central Washington	Dave Petersen	35%
IX.	South Central	Chuck Padorr	5-10%
X.	Eastern Washington Partnership	Tom O'Brien	10%
XI.	Benton-Franklin	Cos Edwards	10%
XII.	Spokane Area	Dawn Karber	5%

Sixty-nine (69) WorkSource Centers and affiliate sites are located within the 12 workforce development areas. All offices refer EO-related matters to their local WDC-designated EO Officer or the State EO Officer, as appropriate. The WDC EO Officers may refer issues to ESD, One Stop partner EO Officers or other entities depending on jurisdiction. This ensures nondiscrimination and accessibility in services provided to WorkSource customers. Each WDC develops a policy to administer this requirement. Attached is a list of the WorkSource Centers and affiliate sites. (Attachment 1F)

METHODS OF ADMINISTRATION

Attachment 1G includes the October 2000 letters sent to the 12 WDCs and to Chris Webster, former ESD WIA Manager, regarding identification of individuals designated as local EO Officers. The same information is collected today when new local EO Officers are appointed. Staff of the Internal Auditing and Monitoring Office collaborates with the State EO Officer to ensure compliance with the EO/nondiscrimination requirements of Section 188 of the WIA and 29 CFR Part 37. If staff come across an EO issue during one of their reviews, they notify the State EO Officer. Attachment 1H identifies the local EO Officers, along with their position titles, telephone numbers, mail and e-mail addresses, and TTY numbers.

EO Notices and Training

The WIA “Equal Opportunity is the Law” posters have been distributed to WDCs for posting in their offices and their recipient offices. The posters, which are placed in prominent locations for public viewing, provide all applicants, registrants, eligible applicants/registrants, participants, employees, and applicants for employment, as well as interested members of the public, with the identity of the local EO Officer and State EO Officer. The posters provide e-mail and business addresses and telephone numbers (including TTY or relay service numbers.) In response to comments received from CRC regarding these posters, the State EO Officer notified all 12 EO Officers that a larger font size was needed on the posters. Labels with a larger font size were sent to all WDCs. See Attachment 2I-1.1 and 2I-1.2 for a copy of the Equal Opportunity Notice poster in English and Spanish.

The State EO Officer is proactive in identifying and meeting the training needs of the local EO Officers. The State EO Officer uses the USDOL MOA training developed by TATC Consulting. (Attachment 2P)

On December 11-13, 2001, a three-day MOA Training Conference was delivered in conjunction with a team from CRC. The focus was to ensure that individuals with a critical role in the provision of training and services understand the EO/nondiscrimination requirements in the regulations. This early WIA conference set the tone for successful EO/nondiscrimination compliance within WorkSource Washington. (Attachment 1J)

On April 28, 2010, State and local EO Officers, WorkSource Administrators and other recipients attended a one-day EO Officer’s annual meeting, which provided training, best practices and new information for ensuring nondiscrimination in the One-Stop system. (Attachment 1I) Similar meetings were held in 2002 and 2004. However, due to budget constraints, two-hour webinars were held in 2011 and 2012. We are considering holding these webinars twice a year until we can procure additional funding. The objective is to move WDCs from simply observing EO compliance to a position of “best practices” to ensure each WorkSource Center and affiliate is welcoming and accessible to all customers.

METHODS OF ADMINISTRATION

In 2013 and 2014, the State EO Officer and a local EO Officer attended the National Association for Workforce Agencies (NASWA) Equal Opportunity Committee's EO Training Conference in Washington, DC. The focus is on ensuring that individuals with a critical role in the provision of services understand the requirements of the EO/nondiscrimination regulations. The State EO Officer and various WDC EO Officers have attended these symposiums since 2002. The State EO Officer has presented workshops at the symposiums since 2007. The State EO Officer provides technical assistance and training to local EO Officers.

A two-hour equal opportunity/nondiscrimination training is presented to all staff and their supervisors who assist customers. The training addresses the nondiscrimination requirements of Section 188 of the WIA and 29 CFR Part 37. The training focuses on ensuring nondiscrimination while serving customers and providing them equal opportunities to succeed.

The training is presented a minimum of every two years for recipient staff. WDCs provide training for recipients in their workforce development areas.

All ESD programs and services, except unemployment insurance compensation, are provided through WorkSource Centers. ESD staff providing State Programs as defined by 29 CFR §37.4 such as employment service, Trade Act, and Migrant Seasonal Farmworker receive training at WorkSource centers and Affiliates. Unemployment insurance benefit program staff receive training tailored for call center staff.

ELEMENT TWO

NOTICE AND COMMUNICATION (29 CFR 37.54(d)(1)(iii))

Washington State addresses how it and its recipients are complying and will continue to comply with the requirements of 29 CFR 37.29 through 37.36. States should ensure the establishment of a notice and communication system that makes all registrants, applicants, eligible applicants/registrants, applicants for employment, employees and interested members of the public aware of both the recipient's obligation to operate its programs and activities in a nondiscriminatory manner, and the extent of the rights of members of these groups to file complaints of discrimination.

Notice and Communication

Within WorkSource Washington, the Employment Security Department (ESD) and other recipients, as well as customers, unions, the public and professional organizations, are provided notice of the nondiscrimination and equal opportunity requirements of the Workforce Investment Act (WIA). WIA Policy Number 3445 - Equal Opportunity and Nondiscrimination is distributed to recipients when the two-hour EO/nondiscrimination training for staff is conducted. (Attachment 2G) All ESD employees have been provided with a copy of ESD's Equal Opportunity/Affirmative Action Policy Number 0021. (Attachment 2H)

Both the WIA and ESD EO/nondiscrimination policies incorporate the following laws and regulations:

- Title VI and Title VII of the Civil Rights Act of 1964, as amended;
- Section 504 of the Rehabilitation Act of 1973, as amended;
- Americans with Disabilities Act of 1990, as amended;
- The Age Discrimination Act of 1975, as amended;
- The Age Discrimination in Employment Act of 1967, as amended;
- Title IX of the Education Amendments of 1972, as amended;
- Section 188 of the Workforce Investment Act (WIA) of 1998; and
- Title 29, Code of Federal Regulations, Part 37.

METHODS OF ADMINISTRATION

The WIA “Equal Opportunity is the Law” posters (in English and Spanish) with the wording specified in 29 CFR §37.54(d)(1)(iii) are distributed statewide on 11-inch by 17-inch posters within the WorkSource Washington system. (Attachment 2I-1.1 and 2I-1.2) Workforce Development Council (WDC) Directors received additional guidance to ensure that recipients throughout the state display these posters. Copies of the November 1, 2000 notice and a memorandum issued by Janet Leach-Ruth, then Acting Assistant Commissioner of the Administrative Services Division, was issued instructing the WDC Directors to place these posters in prominent locations. (Attachment 2I-2)

A memo was also sent on December 22, 2000 to ESD Assistant Commissioners, WorkSource Administrators and Claims Center Administrators on the requirement to include alternate communication modes when telephone numbers are listed. (Attachment 2I-3) Where telephone numbers are listed, the Washington Relay Service toll-free number 711 or a teletype (TTY) number is included. However, centers are encouraged to retain their TTY devices in case an individual with a disability needs to call out from the center. A memo was sent on November 27, 2000 to the agency’s Communications Director regarding WIA EO/nondiscrimination requirements in notices and communications. (Attachment 2J)

Notice and communication is discussed during the two-hour EO training course for recipients and their staff. Training delivery is monitored for compliance during EO/nondiscrimination monitoring reviews.

Efforts are made to ensure that communications with individuals with disabilities are just as effective as communications with others. WDC EO Officers and WorkSource Center Administrators are informed during each monitoring review that they may develop an EO Notice on cassette tape or compact discs (CD) for individuals who are blind or sight impaired. They may also read the notice to the person. Spokane County WDC has made the EO notice available in Braille throughout its service area.

EO Notice posters are now prominently displayed in all WorkSource Centers, WorkSource Affiliate sites and other recipients in the One-Stop system in Washington. During EO monitoring reviews, reviewers check to see that EO posters are displayed in reasonable numbers and places. Posters are available upon request and can be ordered through the State EO Officer.

The EO Notice has been made available to all applicants, eligible applicants, registrants, participants, and interested members of the public. Applicants for employment, employees, and unions can view the notice on Inside ESD or the EO page on ESD’s Internet site. Policies and forms to file a discrimination complaint are also available in English and Spanish on ESD’s EO web page at:

<http://www.esd.wa.gov/newsandinformation/formsandpubs/equal-opportunity-nondiscrimination-information.php>.

In addition, WIA recipients require registered participants to sign a statement and/or provide acknowledgement that they understand their rights and have received an EO Notice handout. When signed, a copy of this notice is placed in participants' files. (Attachments 2K-1 and 2K-2) See Element 7, Attachment A, for the monitoring tool, which addresses adherence to this policy. Also see Element 3, Attachment 3B-2, page 21, for the General Terms and Conditions of Grant Agreements.

ESD and other recipients operating State Programs have included the following tagline on their official web sites, job announcements, brochures and advertisements that describe programs, or the requirements for participation, financially assisted under Title I of the WIA:

"WorkSource Washington (or name of recipient) is an equal opportunity employer and provider of employment and training services. Auxiliary aids and services are available upon request for persons with disabilities."

In a memo dated December 21, 2000, addressed to the 12 WDC Executive Directors, all grantees are instructed to include the EO tagline in ". . . recruitment brochures and other materials that are ordinarily distributed or communicated in written and/or oral form, electronically and/or on paper, to staff, customers, or the public at large, to describe WIA Title I financially assisted programs or activities. . . ." Requirements for tagline usage are also spelled out in WIA and ESD EO/nondiscrimination policies. During each monitoring review, recipients are checked for compliance.

Tagline language, the Equal Opportunity Notice in English and Spanish and the discrimination complaint procedures are accessible from the "Equal Opportunity" link at the bottom of each page of the ESD Internet site at www.esd.wa.gov. (Attachment 2L)

Attached are sample materials, job announcements, brochures, and publications that include EO tagline language. (Attachments 2M-1 – 2M-11) As additional materials are produced to market programs and services, the EO tagline language will continue to be used.

The Unemployment Insurance (UI) Benefit Administration and Policy Unit has placed an expanded EO tagline in UI publications and on ESD's website for several years. The expanded tagline is as follows:

"The Employment Security Department is an equal opportunity employer and provider of programs and services. Auxiliary aids and services are available upon request to persons with disabilities. Auxiliary aids may include qualified

METHODS OF ADMINISTRATION

interpreters and telecommunication devices for hearing or speech impaired (TDD) individuals. Individuals with limited English proficiency may request interpretive services free of charge to the customer in order to conduct business with the department."

The department is considering modifying the tagline for all ESD and WorkSource programs to:

"<<The Employment Security Department, or WorkSource Washington or name of entity>> is an equal opportunity employer and provider of programs and services. Auxiliary aids and services are available upon request for persons with disabilities; language services are available free of charge for persons limited in English proficiency.

ESD's Office of Communications, which prepares many of the UI flyers and brochures, complies with agency Policy #0033 – Graphic Standards, which requires the use of the EO tagline on all publications. This policy also describes the requirements for non-English publications. After the enactment of WIA, ESD issued a memo regarding tagline requirements. (Attachment 2J)

The UI Handbook for Unemployed Workers includes information on filing a discrimination complaint. (Attachment 2M-9) Both the handbook and the "What's Next" flyer are translated into Spanish. (Attachment 2M-10 & 2M-11) The handbook includes a statement instructing limited English proficient (LEP) persons on how to get help to understand the claims kit translated into seven languages.

ESD developed the following videos in English, Spanish and open caption: How to Apply for UI Benefits; Apply for Unemployment Benefits; How to File Your Weekly Claim; and, How to Complete Your UI Job Search Log. Since 2011, the UI Division has added videos online such as: Training Benefits; How to Prepare and Present Your Case; and Plan and Pay Your Taxes. In August 2012, ESD added more to its repertoire of online resources such as the "Other Languages" page, which includes pictorial and voice language assistance in 15 different languages. Here LEP customers obtain assistance in navigating the claims process in their own language.

Information Dissemination and Training

Registrants, applicants, eligible applicants/registrants and participants are advised of their rights to file a discrimination complaint during orientations for WIA services. All eligible participants are provided with the notice of rights to file a discrimination complaint (Equal Opportunity is the Law Notice) at orientations and/or registration by recipients. WDCs monitor to ensure a copy of the document is provided for signature.

METHODS OF ADMINISTRATION

ESD has updated its new employee orientation and it is now available online. All ESD employees are provided with copies of relevant EO policies and procedures: Harassment Prevention; Reasonable Accommodation and Nondiscrimination on the Basis of Disability; Discrimination Complaint Processing Procedures; and Equal Opportunity and Affirmative Action. Agency staff is required to review and sign that they have read these policies, which are listed among those mandated for annual review. Staff continues to receive training and technical assistance relative to these policies and procedures.

The State EO Officer periodically provides training for local EO Officers.

On June 19, 2001, ESD and other recipients participated in a MOA Orientation, which provided a high-level overview of the nondiscrimination and EO requirements of the WIA regulations.

EO/nondiscrimination training is presented on request. The State EO Officer provides informational updates, as well as notices of EO training sponsored by other sources, such as the NASWA EO Committee EO Training Conference. The State EO Officer also provides ongoing technical assistance to local-level EO.

Governor's Executive Orders for Veterans and Individuals with Disabilities

In 2013, the Governor issued Executive Order 13-01 – Veterans Transition Support to improved hiring of veterans by state agencies. Each agency is required to establish a veteran employment plan to increase the representation of veterans and provide a volunteer for the newly formed Veterans Employee Resource Group (VERG). ESD established a veteran employment plan in 2013 and 2014 and has a staff as a member of the resource group. The department is participating in enterprise strategies to increase its number of veterans as employees.

Also in 2013, the Governor issued Executive Order 13-02 – Improving Employment Opportunities and Outcomes for People with Disabilities in State Government. Each agency is required to establish a Disability Employment Plan and to provide a staff to serve on the Disability Employment Taskforce. Agencies are to adopt a goal of having at least five percent of employees as individuals with a disability by July 30, 2017.

Currently, ESD's Affirmative Action Utilization Report shows 2.5% of employees are persons with disabilities. However, ESD has good reason to believe the data is not up-to-date. ESD therefore will send an email to all employees in January 2015 with their individual demographic data and have them update the information if incorrect. While we believe this alone will increase our percentage, we are implementing a Disability Employment Plan and have a staff on the taskforce.

ELEMENT THREE

REVIEW ASSURANCES, JOB TRAINING PLANS, CONTRACTS AND POLICIES AND PROCEDURES (29 CFR 37.54(d)(1)(i) and (d)(2)(i), (iii) and (iv))

Washington State addresses how it and its recipients are complying and will continue to comply with the requirements of 29 CFR 37.20 – 37.22 and 37.54(d)(1)(i) and (d)(2)(i), (iii) and (iv) regarding the review of assurances, job training plans, contracts, and policies and procedures. Additionally, Washington State addresses the procedures it and its recipients are following and will continue to follow in assessing the ability of grant applicants, if funded, or training providers, if declared eligible, to comply with WIA Section 188 and 29 CFR Part 37.

Background

The State of Washington does not knowingly do business with any entity that discriminates. It is the Employment Security Department's (ESD) policy to include a nondiscrimination and equal opportunity (EO) statement in all training plans, contracts and agreements. In addition, policies issued at the state and local levels reinforce ESD's commitment to ensure nondiscrimination throughout the One-Stop system.

ESD requires all grant applicants to include the EO assurance language verbatim, or its citation, in their grants, contracts and cooperative agreements. The assurance language commits the recipient to "comply fully with the nondiscrimination and equal opportunity provisions" of Section 188 of the Workforce Investment Act (WIA); Title VI of the Civil Rights Act of 1964, as amended; Section 504 of the Rehabilitation Act of 1973, as amended; the Age Discrimination Act of 1975, as amended; Title IX of the Education Amendments of 1972, as amended; and 29 CFR Part 37 and other regulations implementing these laws. The assurance acknowledges the government's right to seek judicial enforcement if these laws are not followed. The specific language for this assurance is found at 29 CFR §37.20 (a)(1). If a citation is used instead, it should read, "The nondiscrimination assurance at 29 CFR Part 37.20(a)(1) applies to this [contract/agreement/etc.]." ESD issued guidance on EO assurances to Workforce Development Councils (WDC) in the State Operations Plan. (See Attachment 3D)

Assurances

Within the Budget, Performance and Research Division of ESD, the Contracts Office routinely reviews all contracts and agreements prior to finalization and execution to ensure EO assurances are included. The agency requires all applications for federal financial assistance under WIA to include EO assurances, thereby committing recipients to full compliance with the nondiscrimination provisions of the WIA.

The agency's State EO Officer works with the Contracts Office and the Employment System Administration and Policy staff to develop language that incorporates nondiscrimination clauses, EO assurances and sanctions in contracts, grant agreements, interagency agreements, personal service contracts, and requests for proposal processes where state and federal funds are expended to provide services. A contracting guide that includes the assurance language is available online. (Attachments 3A) The WIA grant agreements contain Exhibit A, General Terms & Conditions, Part II-C, Assurances. (Attachments 3B-1 and 3B-2) All ESD contracts contain an Exhibit B, General Terms & Conditions, Part II-E, Assurances. (Attachment 3B-3)

ESD issued guidance to WDCs regarding EO assurances. (Attachment 3C-1) Each recipient is expected to ensure their training plans, contracts and agreements are consistent with the EO and nondiscrimination provisions of WIA. (Attachment 3C-2)

The State EO Officer monitors the WorkSource system using technical assistance visits, desk audits and on-site reviews. Architectural accessibility, parking for individuals with disabilities, designated restrooms, program accessibility and effective communication with persons with disabilities are some of the elements monitored.

WDC EO Officers are required to monitor facilities in their respective workforce development areas for EO/nondiscrimination compliance. The State EO Officer monitors each workforce development area biennially. The ESD and WDC Equal Opportunity and Nondiscrimination Monitoring Guide includes specific monitoring review guidelines to ensure that all plans and contracts contain the required assurance language. (See Element 7)

ESD and its recipients have developed this Methods of Administration detailing the actions that have been and will be taken to ensure compliance with 29 CFR Part 37. This document will be reviewed and updated every two years and substantive changes will be forwarded to the Civil Rights Center.

3D State Operations Plan (July 1, 2012 - June 30, 2016)

ELEMENT FOUR

UNIVERSAL ACCESS (29 CFR 37.54(d)(1)(v)) (29 CFR 37.42)

Washington State addresses how it and its recipients are complying with and will continue to comply with the requirements of 29 CFR 37.42 relating to the provision of universal access to programs and activities.

Background

Through a \$9 million grant from the United States Department of Labor (USDOL), Washington State began developing its One-Stop system prior to the Workforce Investment Act (WIA) being signed. Core elements of the system were customer focus, integration of services, universal access and a strong accountability for outcomes. The One-Stop system was designed by a multitude of partners at both the state and local level with oversight by the Executive Policy Council (EPC). The EPC also required One-Stop partners to take into account the needs of the target populations including, at a minimum, dislocated workers, veterans, migrant and seasonal farmworkers, disadvantaged adults and youth, job seekers with disabilities, older workers, and welfare recipients seeking employment. (Attachment 4A-1, pages 1, 6 and 9)

The planning and decision-making process in the development of One-Stop Centers laid much of the groundwork for WorkSource Washington. During the implementation of the WIA, planning directions were sent to the chief local elected officials. Planning directions included a required assessment of current and future employment opportunities and skills needs, current and future workforces, current workforce development systems, goals, objectives and strategies. Universal services for WIA Title I-B funded employment and training services to youth, adults and dislocated workers were also a requirement. (Attachment 4A-2, pages 1, 2 and 4)

WorkSource Washington's electronic One-Stop system has been developed to reach out universally to all individuals interested in employment and training services. It is a customer service network designed to assist a broad range of job seekers and employers. The web site address is www.go2worksource.com, and includes a link to our equal opportunity/nondiscrimination notice. We have continued our efforts to ensure inclusion of EO tagline language in all official web sites, job announcements, brochures and advertisements. See Element 2 for sample publications. On

METHODS OF ADMINISTRATION

“go2worksource,” jobseekers are able to post their resumes for employers to review; request referrals to listed job openings; obtain information from classified ads, government jobs, company web sites, and US jobs; and obtain information on apprenticeship programs, training benefits and labor market information. The site can be accessed any time and offers opportunities for targeted populations benefit from WIA services. (Attachment 4B-1 and 4B-2)

From go2worksource.com individuals can also access local services by clicking on the ‘Local Connections’ link. This allows users to find their local Workforce Development Councils (WDC) and WorkSource Centers, affiliate sites and other recipients within their area. Outreach efforts that encourage participation by all segments of the eligible population are evident through this site. We have made great strides in ensuring all web sites are accessible and contain links to disability information for both job seekers and employers. Many are available in languages other than English and in alternate formats, where applicable. These sites provide notices of employment and training opportunities, job fairs and workshops, and an orientation video. Links to recipient services help publicize services available to everyone. See web site examples in Attachments 4B-3, 4B-4 and 4B-5.

WDCs are aware of their obligation to provide appropriate language assistance to individuals with limited English proficiency in order to ensure meaningful access to programs and services, in accordance with U.S. Department of Labor (USDOL) requirements and guidance.

Washington Relay Service and teletype (TTY) devices are available in local offices and in unemployment insurance (UI) Claims Centers to help ensure communications for all.

WDC recipients are co-located at WorkSource Centers and affiliate sites across the state. This enables access by WorkSource customers without having to go to another site to obtain services. Customers are able to access services through self-service, staff-assisted service, workshops and training classes, and through one-on-one staff-directed services. Levels of services are based on the needs of the customer. Criteria for priority of services for the various programs are provided in a nondiscriminatory manner. ESD staff has communicated WDC obligations to provide universal access and to include both sexes, various racial, ethnic and age groups, and individuals with disabilities. WDCs incorporate this information into their WIA Operations and Strategic Plans. (Attachments 4A-2 and Section B of 4C-1 and Section 2 of 4C-2)

Toby Olson, Executive Secretary of the Governor's Committee on Disability Issues and Employment (GCDE), continues to work with ESD and other recipients to ensure universal access for persons with disabilities and to provide training for staff. GCDE operates an information clearinghouse for persons with disabilities and employers, identifies needs and develops programs and resources to provide effective employment

and training services for people with disabilities, and builds capacity within the WorkSource system to serve job seekers with disabilities. (Attachment 4E-1 and 4E-2)

At WorkSource Centers, customers are provided UI information and assistance using self-service direct telephone lines. UI / WorkSource liaison staff receive formal classroom training to assist walk-in customers needing basic UI assistance. Many of these claimants are limited in English proficiency or customers with special needs who require assistance with our agency forms and publications. UI/WorkSource liaisons show claimants how to access and use agency online resources and telephone self-service technology. They also provide training and assistance to UI claimants in developing training plans and job searches.

In 1999, the UI Program transitioned its primary service delivery into UI call centers for initial claims, weekly claims and adjudication of issues. Claimants call a toll-free number and, after selecting their language and identifying the reason for the call, are connected through an automated call distribution system to an agent.

All agents in the UI Claims Center participate in an intensive intake training program. The program includes a component on customer service with a focus on how to better serve persons who need language assistance. If needed, staff at each site uses third party telephone interpretation services as well as TTY devices. Calls are routed across the state regardless of the caller's location so that customers' wait times are reduced. Customers needing language assistance or TTY are routed to the appropriate agent. Special emphasis has been placed on publishing forms and scripts in plain language.

Ensuring Accessibility

WorkSource Washington is committed to making all services, facilities and information accessible and usable by persons limited in English proficiency (LEP). An LEP customer is a person applying for or receiving department or recipient services directly or indirectly who has trouble reading, speaking, writing or understanding English. Efforts are also made to provide equal access to men and women, racial and ethnic groups, and individuals with disabilities. See Attachment 4K for an "Equal Opportunity is the Law" notice provided to the GCDE mailing list.

Bilingual positions have been established throughout the Employment Security Department (ESD) wherever needed to ensure effective communication with LEP customers. ESD's Human Resources and Operational Support Division approves the establishment of these positions based on skills and abilities and other identified criteria. ESD currently has more than 100 bilingual staff in the UI Claims Centers to provide language assistance in several languages including Chinese, Korean, Russian, Spanish, Vietnamese and other languages.

METHODS OF ADMINISTRATION

Targeted outreach efforts have been underway to promote WorkSource, WorkFirst (Welfare to Work), UI Benefits and veterans services programs. Persons with disabilities are one of the targeted groups. All UI online videos have 'open caption' for individuals with hearing impairments.

ESD established a Limited English Proficiency (LEP) Committee to address several key requirements in the LEP guidance issued by the United States Department of Labor Civil Rights Center. The State EO Officer serves as chair. Individuals on the committee were charged with developing an agency-wide LEP plan and policy that provides guidance on:

- Conducting the required assessment of LEP demographics and language needs using the 'four factor analysis' provided by USDOL.
- Developing guidance and timetables for local planning.
- Identifying documents in each program that require written translation and the priority for completing the translation.

ESD's Policy and Procedure #0022 – Providing Language Services to Limited English Proficiency Customers provides requirements and guidance for providing language services for ESD programs and services. (Attachment 4I) WDCs may use ESD's plan and policy as a model to develop their own. However, ESD and other recipients have continually provided meaningful access to LEP customers. The State EO Officer has monitored for access to language services through EO/nondiscrimination compliance reviews.

Census statistics continue to indicate that Spanish is the primary language used among the LEP population in Washington State. Should this change, the LEP Committee will assess and identify the need to provide the additional assistance required in the new primary language.

In 2002, the UI Division developed and implemented an LEP Policy titled "UI Program Policy on Providing Services to Customers with Limited English Proficiency (LEP)," which was distributed in UI Circular 15-02. (Attachment 4J)

UI claimants are provided language assistance by bilingual staff or connected with a Language Line interpreter. To meet the demand of our customers, the agency continues to recruit additional bilingual staff. ESD regularly reviews interpreter service call data to identify customer language needs. Claimants can receive free interpretation of any UI documents. Claiming instructions and forms are provided in several languages including Chinese, Korean, Russian, Spanish, and Vietnamese.

UI claims can be filed online at www.esd.wa.gov. We currently have online information in 15 languages with calling instructions to get basic information and questions answered about UI claims.

The current Handbook for Unemployed Workers includes additional information on filing a discrimination complaint. (Attachment 2M-9) Both the Handbook for Unemployed Workers and the 'What's Next' flyer are translated into Spanish. (Attachment 2M-10 & 2M-12) The claims kit includes a statement in seven languages other than English, instructing limited English proficient persons on getting help to understand the kit.

In March 2010, ESD launched two new videos to explain how to apply for UI benefits and submit weekly claims. Another video was added to inform viewers about the agency's work search requirements and proper documentation. These videos are available in the Publications section of our agency's web site and are available in English, open caption and Spanish. In September 2010, the English version of a training benefits video was added, followed by the Spanish version.

ESD developed the following videos in English, Spanish and Open Caption: Applying for Unemployment Benefits; Submitting your Weekly Claim; and How to Complete Your Job Search Log. Since 2011, the UI Division has added videos online such as Training Benefits; How to Prepare and Present your Case; and Plan and Pay your Taxes. In August 2012, ESD added more to its repertoire of online resources such as the "Other Languages" page, which includes pictorial and voice language assistance in 16 languages. Here LEP customers are able to obtain assistance in navigating the claims process in their own language.

The Office of Administrative Hearings (OAH), a separate state agency funded partially by ESD, provides appeal information. OAH's booklet, "How to Prepare and Present your Case," is available in 16 languages: English, Amharic, Arabic, Cambodian/Kramer, Chinese Simplified, Chinese Traditional, Farsi, Korean Laotian, Oromo, Punjabi, Russian, Somali, Spanish, Tagalog, and Vietnamese. (Attachment 4F)

OAH provides interpreters free of charge in any language to those appealing a decision and requesting assistance. ESD also provides online information on filing an appeal in English and Spanish, which is available in WorkSource Centers. Also available is information on how to contact outside advocacy organizations should a customer seek assistance preparing for and participating in the appeal hearing. (Attachment 4G)

Outreach and Recruitment

Efforts to provide services to a substantial segment of the population are based on census data, labor market analysis, service need assessments, and information from community and social service organizations, educational institutions,

employers, and labor and community service advocates. WDCs are made up of representatives of public and private agencies, educators, employers, and community-based organizations that provide services to the disadvantaged, underserved, underemployed and targeted groups within their communities. They share a mutual interest in improving employment opportunities to meet the needs of employers and in improving the economic conditions in their communities. Through the development of local strategic plans, cooperative efforts are now in place for all recipients in the workforce development system. Improvements in communications were made with the business sector and economic development organizations. Better collaborations from these new relationships have created an environment for a stronger, more responsive, and more proactive workforce development system.

Ongoing activities continue to provide universal access. Samples of demographic information can be found in the attached local area strategic plans for North Central Washington and Benton Franklin workforce development areas (WDA). The plans include samples of data such as: current and future workforce; school dropout rates; percent of population by gender, race, and Hispanic origin; state and county population by age; public/private school enrollment by race/ethnic origin; persons with disability status; people of all ages in poverty; and, other data used by the WDCs to help determine program priorities and provide universal access for all. (Attachment 4C-1 and 4C-2)

WDCs continue to ensure their recipients provide universal access. Attached are two examples of outreach and enrollments from two recipients in the South Central WDA that focus on providing services to youth. Their outreach plans include public service announcements on community television and radio stations, as well as advertisements in Spanish and bilingual media. In addition, outreach and promotional efforts include a campaign to recruit individuals with disabilities. (Attachments 4D-1 and 4D-2)

ESD replaced its UI Benefits program multi-language flyer. The updated version has instructions on how to contact the UI claims center for information and how to apply for benefits; it includes an EO tagline. Aside from the toll free number, it also provides numbers for assistance in the customer's preferred language. An abbreviated EO tagline is translated into 16 languages informing customers that language services are available free of charge. (Attachment 4H)

A copy of the multi-language flyer was distributed to WorkSource centers across the state and is now available online. Now, a customer will not only have the option to see the translated text but can hear a recording of that text in any of 13 languages. Whenever additional UI information is translated, such as the weekly claims forms and other publications, ESD adds corresponding links from the main page for easier access.

Monitoring

WDCs continue to monitor their customer composition by comparing the local labor market information with data from the WorkSource enterprise case management database, SKIES. These reports show the makeup of their participants, including members of both sexes, various racial and ethnic groups, individuals with disabilities, and individuals in differing age groups. They work with their recipients and other community organizations to share information, sponsor job fairs, and provide outreach to target various populations.

Through onsite compliance reviews, the State EO Officer continually monitors and evaluates efforts by ESD and WDCs to broaden representation of persons in programs, services and employment. (See Element 7)

ELEMENT FIVE

COMPLIANCE WITH SECTION 504 OF THE REHABILITATION ACT OF 1973, as amended, and 29 CFR Part 37 (29 CFR 37.54 (d)(2)(v)) (29 CFR 37.7 – 37.9)

Washington State addresses how it and its recipients are complying and will continue to comply with the requirements of the disability-related requirements of WIA Section 188; Section 504 of the Rehabilitation Act of 1973, as amended; and their implementing regulations, including but not limited to 29 CFR 37.7, 37.8, and 37.9 and Subparts B and C of 29 CFR Part 32; the Americans with Disabilities Act and RCW 49.60.

Background

Washington State is committed to making all services, facilities and information accessible and usable by individuals with disabilities. (Attachments 5A-1 – 5A-4) This applies to all programs, services and activities provided by or made available within the WorkSource Washington system to customers, potential customers, job applicants, employees, volunteers, recipients, and licensees.

Washington State ensures nondiscrimination on the basis of disability by:

1. Providing opportunities for participation or benefits equal to that afforded to others;
2. Providing financial aid, benefits, services or training equal to that provided to others;
3. Ensuring that qualified individuals with disabilities are offered the option of participating in the same programs or activities offered to non-disabled individuals.
4. Denying assistance, either directly or through contractual licensing or other arrangements, to any agency, organization or person that discriminates on the basis of disability;
5. Ensuring that licensing and/or certification programs operate in a matter which does not discriminate against qualified individuals with disabilities;
6. Ensuring that eligibility criteria do not screen out individuals with disabilities from fully and equally enjoying any aid, benefit, service, training, program, or activity,

METHODS OF ADMINISTRATION

unless such criteria can be shown to be necessary for the provision of the aid, benefit, service, training, program, or activity being offered; and

7. Eliminating barriers to employment and providing accommodations in the workplace.

During monitoring reviews, the State Equal Opportunity (EO) Officer evaluates employment practices to ensure there are no barriers to employment. (See Element 7)

Reasonable Accommodation for a Disability

Washington State is committed to providing reasonable accommodation to qualified individuals with disabilities in all aspects of its programs, services, activities and employment, unless providing the accommodation would cause undue hardship. Reasonable accommodations are modifications or adjustments that enable a qualified individual with a disability to perform the essential functions of a job, or to receive aid, benefits, services, or training equal to that provided to qualified individuals without disabilities. See a comprehensive definition/explanation of reasonable accommodations in the definitions section of this element. Accommodations may include, but are not limited to, qualified sign language interpreters, auxiliary aids and alternate formats. Reasonable modifications in policies, practices, or procedures are made, when necessary, to avoid discrimination on the basis of disability, unless making the modifications would fundamentally alter the nature of the service, program, or activity.

Program Accessibility

Steps taken by the Employment Security Department (ESD) and WorkSource Washington to ensure services, programs, and activities are readily accessible by individuals with physical, mental, or sensory impairments include the following:

- Policy and Procedure Number 0013-1 - Reasonable Accommodation and Nondiscrimination on the Basis of Disability, indicates ESD's firm commitment to providing timely, reasonable accommodations to the known physical, mental or sensory limitations of an otherwise-qualified employee or customer with a disability. The accommodations may include adjustments and modifications that allow a person with a disability to perform the essential functions of the job, enjoy the benefits and privileges of employment, or participate in department programs, services and activities. Qualified sign language interpreters, readers, and other auxiliary aids are provided upon request. (Attachment 5B-4)
- WorkSource Washington operates each service, program, or activity so that, when viewed in its entirety, it is readily accessible to and usable by individuals with disabilities. All programs, services and activities are offered to individuals with disabilities in the most integrated setting appropriate to them. To achieve program accessibility, WorkSource Washington considers the redesigning of equipment and the provision of appropriate auxiliary aids and services, including

METHODS OF ADMINISTRATION

assistive technology and sign language interpreters.

The Workforce Investment Act (WIA) Equal Opportunity and Nondiscrimination Policy Number 3445 states that recipients funded under WIA, whether in whole or in part, are instructed to administer WIA-funded programs and activities in a manner that ensures individuals with disabilities physical as well as program accessibility, programs in the most integrated environment appropriate, and communications in a manner that is as effective as communications with others.” (Attachment 2G)

- In 2010 ESD determined it would review program accessibility at WorkSource Centers to determine if the assistive technology devices and software in place for individuals with disabilities could be updated systemically rather than by individual sites. A team was formed and the status of the assistive technology at each WorkSource Center was surveyed. The team analyzed costs and feasibility to determine how much, if any, can be updated and/or tracked centrally at ESD level. However, due to the current economic climate and budget difficulties, ESD is unable to assist systemically. Assistive technology is primarily funded locally.

The U.S. Department of Labor (USDOL) Office of Disability Employment Policy's Section 188 Disability Checklist has been distributed to all Workforce Development Councils (WDC).

Washington State continues to assist registrants, applicants, eligible applicants/registrants and participants with disabilities.

- Comprehensive accessibility assessments — Assessments have been completed for all WorkSource Centers and eleven affiliates.
- Individual disability access improvement plans — Plans have been developed by each center based on the results of their assessment. Model policies and procedures for serving customers with disabilities have been developed and disseminated.
- Staff Training — Training on issues related to serving people with disabilities has been incorporated into all of the major WorkSource conferences and training events held in the state. Two WorkSource Centers have instituted a practice of holding a one-hour training session for staff each month on a different disability issue or program. Trainers in the Employment and Career Development Division have developed a "Disability 101" training session that will be offered to Disability Placement Specialists and to other WorkSource staff.

METHODS OF ADMINISTRATION

- Technical Assistance — ESD, the Governor’s Committee on Disability Issues and Employment (GCDE) and the Department of Social Health Services’ Division of Vocational Rehabilitation have established a Technical Assistance Clearinghouse. The Clearinghouse serves as a single point of contact on issues related to serving people with disabilities and provides access to information, linkage to useful resources and assistance with creative problem solving.
- Pilot Projects — Through the Workforce Incentive, One-Stop Ticket Success and Disability Employment Initiatives, Washington has made a substantial multi-year investment in building the capacity and competence of the WorkSource system in serving and achieving successful outcomes for job seekers with disabilities.

According to the Executive Secretary of the Governor’s Committee on Disability Issues and Employment, a new access standard for technology is imminent in Washington State. The Office of the Chief Information Officer has received direction from the Governor to adopt the same standard the U.S. Department of Justice is proposing in a final rule that applies to state and local governments—Title II of the Americans with Disabilities Act, as amended. It is probable that by the time the WIOA becomes effective, recipients will be required to adhere to new standards for program accessibility.

When the new standard becomes effective, recipients will need to adhere to the following:

- Every information technology application and/or website procured or purchased by a WIA/WIOA recipient shall comply with the World Wide Web Consortium Web Content Accessibility Guidelines 2.0, at the AA level.
- Every WIA/WIOA recipient shall have quality assurance safeguards in place to assure effective compliance with this standard.
- All documents distributed by a WIA/WIOA recipient electronically shall be formatted to be compatible with the use of screen readers and other common auxiliary aides for effective communication.

Architectural Accessibility

State entities and ESD WIA Title I recipients are required to follow specific requirements of the Americans with Disabilities Act, as amended (ADA). WDCs have been informed of their obligation to abide by USDOL EO/nondiscrimination provisions and other federal agency requirements of the ADA. ESD communicates these requirements through the Strategic Plan, the self-assessment process for certification of WorkSource Centers and affiliate sites, and the assurance language in WIA grant agreements. WorkSource Centers that are not state-owned/leased must abide by local building codes and standards for accessibility as well.

Steps taken by ESD and WorkSource Washington to ensure all programs and activities are architecturally accessible to individuals with disabilities include:

- ESD Policy and Procedure Number 0013-1 - Reasonable Accommodation and Nondiscrimination on the Basis of Disability provides:

“ . . . The Department shall provide its services and operate its programs and/or activities so that, when viewed in their entirety, they are accessible to qualified persons with a disability.”

“A program must be accessible to clients, or a comparable program must be made available at an alternate site that is accessible.” (Attachment 5B-4)
- The ESD Facilities Unit inspects ESD’s facilities at lease renewal to ensure compliance with requirements of the Americans with Disabilities Act of 1990, as amended. The State of Washington developed a checklist with the help of GCDE, members of the disabled community and customer agencies. This checklist meets the requirements for barrier-free access in Washington State and is more stringent than federal standards. It is used for the evaluation and selection of new and existing facilities. The evaluation focuses on: site access; signage at primary building entrances of inaccessible facilities; interior door and corridor widths; public restroom requirements; and other architectural specifications of the ADA Accessible Guidelines. The purpose is to ensure compliance with Washington Administrative Code (WAC) 51-50-005 and the Washington State Building Code. (Attachment 5E) Copies of the facility evaluations are maintained in the Facilities Unit. In an effort to ensure compliance, the Facilities Unit has also instituted a new program addressing signage in all facilities. The checklist and sample evaluations are included in Attachments 5F-1 – 5F-3. Upon request, the Facilities Unit assists ESD recipients.

METHODS OF ADMINISTRATION

- The WDCs provide criteria that must be followed for WorkSource Center certification. Each WDC provided this information in the way that worked best for their area. An example is Pacific Mountain WDC's facilities review. The Pacific Mountain WDC chose a well-known expert on customer disability issues to conduct their review (Payne & Associates, Inc.). (Attachment 5G)
- During the 2010 EO Officers meeting, the Executive Secretary of GCDE agreed to supply participants with ADA measuring devices – a pressure gauge and an ADA tape measure. They were purchased and distributed later that year. The instruments assist WDC EO Officers in conducting EO/nondiscrimination monitoring reviews and WorkSource Center Administrators in keeping their centers accessible for individuals with disabilities.

Communication

ESD and WDCs take appropriate steps to ensure that communications with applicants, participants, and members of the public with disabilities are as effective as communications with others. Auxiliary aids and services are provided, when appropriate and necessary, to afford individuals with disabilities opportunities to participate in and enjoy the benefits of WIA Title I financially assisted programs and activities. The Washington Relay Service and TTY devices are available as effective telecommunications methods to communicate with individuals with impaired hearing or speech. Where site telephone numbers are provided, the relay service number or a TTY number must also be provided.

WDCs are aware of their obligation to ensure that communications with members of the public, customers, and applicants with disabilities are as effective as communications with others. WIA Equal Opportunity and Nondiscrimination Policy Number 3445 states that recipients must ensure programs are provided in the most integrated setting appropriate for the needs of individuals with disabilities, and that communications with individuals with disabilities are as effective as communications with others.

ESD is committed to ensuring that its programs, services and activities, when viewed in their entirety, are readily accessible by individuals with physical, mental, or sensory impairments. Where required, qualified sign language interpreters, readers, and other auxiliary aids will be provided. Documents and publications will also be made available in alternate formats.

Records

ESD and the WDCs ensure the confidentiality of information related to an individual's medical condition that may reveal the presence of a disability as noted at 29 CFR §32.15(d) and the Americans with Disabilities Act, as amended.

METHODS OF ADMINISTRATION

Medical condition information is kept in a single, secured location separate and apart from other files. Electronic systems also support separate recordkeeping for medical condition information. Pre-employment/employment medical inquiries are conducted in accordance with the WIA, ADA and the regulations of Section 504 of the Rehabilitation Act of 1973, as amended. Specific guidance is referenced in recipients' policies. EO monitoring ensures adherence to these provisions. (See Elements 2, 6 and 7)

ESD's Policy and Procedure Number 0013-1 – Reasonable Accommodation and Nondiscrimination on the Basis of Disability states in the employee section that upon completing the reasonable accommodation process, all supporting information needs to be forwarded to the Human Resources and Operational Support Division. "It will be filed in a secure location, separate from an employee's personnel file. Information about an individual's disability is limited to designated personnel and only provided on a need-to-know basis." (Attachment 5B-4)

Element Five Definitions

Auxiliary aids or services includes: (1) Qualified interpreters, note takers, transcription services, written materials, telephone handset amplifiers, assistive listening systems, telephones compatible with hearing aids, closed caption decoders, open and closed captioning, telecommunications devices for deaf persons (TTY/TDD), videotext displays, or other effective means of making aurally delivered materials available to individuals with hearing impairments; (2) Qualified readers, taped texts, audio recordings, Braille materials, large print materials, or other effective means of making visually delivered materials available to individuals with visual impairments; (3) Acquisition or modification of equipment or devices; and (4) Other similar services and actions.

Disability means, with respect to an individual, a physical or mental impairment that substantially limits one or more of the major life activities of such individual; a record of such an impairment; or being regarded as having such an impairment; or a physical, mental or sensory impairment that is abnormal, and medically cognizable.

Employment practices means a recipient's practices related to employment, including but not limited to: (1) Recruitment or recruitment advertising; (2) Selection, placement, layoff or termination of employees; (3) Upgrading, promotion, demotion or transfer of employees; (4) Training, including employment-related training; (5) Participation in upward mobility programs; (6) Deciding rates of pay or other forms of compensation; (7) Use of facilities; or (8) Deciding other terms, conditions, benefits and/or privileges of employment. Employment-related training means training that allows or enables an individual to obtain employment.

Facility means all or any portion of buildings, structures, sites, complexes, equipment, roads, walks, passageways, parking lots, rolling stock or other conveyances, or other real or personal property or interest in such property, including the site where the building, property, structure, or equipment is located. The phrase "real or personal property" in the preceding sentence includes indoor constructs that may or may not be permanently attached to a building or structure. Such constructs include, but are not limited to, office cubicles, computer kiosks, and similar constructs.

Fundamental alteration means: (1) A change in the essential nature of a program or activity as defined in this part, including but not limited to an aid, service, benefit, or training; or (2) A cost that a recipient can demonstrate would result in an undue burden. Factors to be considered in making the determination whether the cost of a modification would result in such a burden include: (a) The nature and net cost of the modification needed, taking into consideration the availability of tax credits and deductions, and/or outside financial assistance, for the modification; (b) The overall financial resources of

METHODS OF ADMINISTRATION

the facility or facilities involved in the provision of the modification, including: (i) The number of persons aided, benefited, served, or trained by, or employed at, the facility or facilities; and (ii) The effect the modification would have on the expenses and resources of the facility or facilities; (c) The overall financial resources of the recipient, including: (i) The overall size of the recipient; (ii) The number of persons aided, benefited, served, trained, or employed by the recipient; and (iii) The number, type and location of the recipient's facilities; (d) The type of operation or operations of the recipient, including: (i) The geographic separateness and administrative or fiscal relationship of the facility or facilities in question to the recipient; and (ii) Where the modification sought is employment-related, the composition, structure and functions of the recipient's workforce; and (e) The impact of the modification upon the operation of the facility or facilities, including: (i) The impact on the ability of other participants to receive aid, benefits, services, or training, or of other employees to perform their duties; and (ii) The impact on the facility's ability to carry out its mission.

Qualified individual with a disability means: (1) With respect to employment, an individual with a disability who, with or without reasonable accommodation, is capable of performing the essential functions of the job in question; (2) With respect to aid, benefits, services, or training, an individual with a disability who, with or without reasonable accommodation and/or reasonable modification, meets the essential eligibility requirements for the receipt of such aid, benefits, services, or training.

Qualified interpreter means an interpreter who is able to interpret effectively, accurately, and impartially, either for individuals with disabilities or for individuals with limited English proficiency. The interpreter must be able to interpret both receptively and expressively, using any necessary specialized vocabulary.

Reasonable accommodation: (1) The term "reasonable accommodation" means: (i) Modifications or adjustments to an application/registration process that enables a qualified applicant/registrant with a disability to be considered for the aid, benefits, services, training, or employment that the qualified applicant/registrant desires; or (ii) Modifications or adjustments that enable a qualified individual with a disability to perform the essential functions of a job, or to receive aid, benefits, services, or training equal to that provided to qualified individuals without disabilities. These modifications or adjustments may be made to: (A) The environment where work is performed or aid, benefits, services, or training are given; or (B) The customary manner in which, or circumstances under which, a job is performed or aid, benefits, services, or training are given; or (iii) Modifications or adjustments that enable a qualified individual with a disability to enjoy the same benefits and privileges of the aid, benefits, services, training, or employment as are enjoyed by other similarly situated individuals without disabilities. (2) Reasonable accommodation includes, but is not limited to: (i) Making existing facilities used by applicants, registrants, eligible applicants/registrants, participants, applicants for employment, and employees readily accessible to and

usable by individuals with disabilities; and (ii) Restructuring of a job or a service, or of the way in which aid, benefits, or training is/are provided; part-time or modified work or training schedules; acquisition or modification of equipment or devices; appropriate adjustment or modifications of examinations, training materials, or policies; the provision of readers or interpreters; and other similar accommodations for individuals with disabilities. (3) To determine the appropriate reasonable accommodation, it may be necessary for the recipient to initiate an informal, interactive process with the qualified individual with a disability in need of the accommodation. This process should identify the precise limitations resulting from the disability and potential reasonable accommodations that could overcome those limitations.

Undue hardship means, with regard to reasonable accommodation of individuals with disabilities, significant difficulty or expense incurred by a recipient, when considered in light of the following factors. Factors to be considered in determining whether an accommodation would impose an undue hardship on a recipient include: (A) The nature and net cost of the accommodation needed, taking into consideration the availability of tax credits and deductions, and/or outside funding, for the accommodation; (B) The overall financial resources of the facility or facilities involved in the provision of the reasonable accommodation, including: (1) The number of persons aided, benefited, served, or trained by, or employed at, the facility or facilities, and (2) The effect the accommodation would have on the expenses and resources of the facility or facilities; (C) The overall financial resources of the recipient, including: (1) The overall size of the recipient, (2) The number of persons aided, benefited, served, trained, or employed by the recipient, and (3) The number, type and location of the recipient's facilities; (D) The type of operation or operations of the recipient, including: (1) The geographic separateness and administrative or fiscal relationship of the facility or facilities in question to the recipient, and (2) Where the individual is seeking an employment-related accommodation, the composition, structure and functions of the recipient's workforce; and (E) The impact of the accommodation upon the operation of the facility or facilities, including: (1) The impact on the ability of other participants to receive aid, benefits, services, or training, or of other employees to perform their duties, and (2) The impact on the facility's ability to carry out its mission.

ELEMENT SIX

DATA AND INFORMATION COLLECTION AND MAINTENANCE

(29 CFR 37.54(d)(1)(iv) and (vi))
(29 CFR 37.37 – 37.41 and 29 CFR 37.53)

Washington State addresses how it and its recipients are complying and will continue to comply with the requirements of 29 CFR 37.37 through 37.41 related to data and information collection and maintenance.

Background

Washington State has established policies and procedures on data collection that applies job seekers, employers and agency employees for all Workforce Investment Act (WIA) Title I state programs. The Employment Security Department (ESD) also maintains and annually updates a Data Information/Technology Security plan through the Washington State Department of Information Services. This plan ensures that data collected is secure and provides contingency plans for unexpected failures. ESD currently maintains two data systems that capture, store and report information considered confidential. These systems fall under the guidelines and requirements for our policy and procedures, as well as the Technology Security Plan.

Data Collection

All agency systems have been modified to meet the requirements for capturing and reporting equal opportunity (EO) data elements. The unemployment insurance (UI) benefits program EO data reports are produced quarterly from the General Unemployment Insurance Development Effort (GUIDE) system. WIA and Labor Exchange EO reports are available from the Services Knowledge Information and Exchange System (SKIES) system.

ESD data, including employee information, is captured in the following systems:

GUIDE	General Unemployment Insurance Development Effort, for tracking UI benefits and claimant activities. (Questions Asked - Attachment 6C-1; Claimant Profile Screen – Attachment 6C-2; EO data report for UI claimants - Attachment 6A-3)
HRMS	Human Resources Management System, for capturing and

maintaining data on agency employees. (Attachment 6E)

SKIES Services Knowledge and Information Exchange System, a management information system for tracking WIA Title I and Trade Adjustment Assistance/North American Free Trade Agreement participants, a case management tool for the One-Stop system for Washington State. This is a job matching, case management and information-tracking system that supports the collection of data used for reporting purposes. The SKIES application has been developed to meet the EO reporting requirements identified in 29 CFR 37.37 through 37.41. (WIA EO Data Report - Attachment 6A-1; Labor Exchange EO Data Report - Attachment 6A-2)

Washington State's One-Stop system is compliant with 29 CFR 37.37 through 37.41. We are in the planning stages of making the system compliant with ET Handbook No. 406 in the collection of the required EO demographic information. For self-service and staff assisted services, we will collect the EO demographic information at the point the customer provides personally identifiable information, such as social security number or address. This holds true for applicants for employment also. (Attachment 6P-4, Section II.D. and Appendix E) For customers seeking to enroll in a program, if we have not already captured the information we will ask at the point at which the job seeker or customer is "registered." (Attachments 6P-1 and 6P-3)

Policies, procedures and security plans are in place to safeguard collected information pertaining to specific job seekers, program participants, enrollees, benefit claimants, employers and recipient staff. These policies, procedures and plans are reviewed and modified, if necessary, on an annual basis. Data is accessible only to program managers, program monitors, case managers, and a limited number of other "authorized" personnel needing access to these systems to provide direct services. (Attachments 6D and 6M)

The GUIDE system is used to process UI claims. It stores EO demographic information as required by the U.S. Department of Labor (USDOL) Civil Rights Center (CRC). The information is collected voluntarily when applying online or using the touchtone pad of a telephone. Each claimant is asked to voluntarily provide his or her:

- Race/ethnicity
- Sex
- Age
- Disability status

METHODS OF ADMINISTRATION

This information is confidential and is used for the purposes of recordkeeping and reporting and determining program compliance with nondiscrimination requirements. Claimant information is automatically transferred to our job registration system unless the claimant requests to be excluded.

Access to this information is limited to those persons with a legitimate business need to access the systems. Access and use of information maintained by ESD is covered in the following policies and procedures:

- ESD Policy and Procedure Number 0006, Public Record requests (Attachment 6L-2.1);
- ESD Policy and Procedure Number 0029, Online or Bulk Data/Information Sharing Policy, covering the confidentiality of information obtained by ESD (Attachment 6L-2.2);
- ESD Policy and Procedure Number 1016, Employee Conduct (Attachment 6M); and
- ESD Policy and Procedure Number 2010, Automated Systems Security. (Attachment 6L-2.3.)

ESD Policy and Procedure Number 1016, Employee Conduct, page 8, states that the penalty for failure to comply with the requirements for confidentiality of data will be grounds for nothing less than disciplinary action up to, and including, dismissal. (Attachment 6M)

Data Storage and Reports

ESD Administrators and Workforce Development Councils have access portals to SKIES to analyze compliance with the nondiscrimination provisions of Section 188 of the WIA and 29 CFR Part 37. SKIES produces several reports, including EO reports.

SKIES allows EO data to be downloaded and forwarded to CRC upon request to allow CRC to conduct its own statistical/quantifiable data analyses. The State and Local EO Officers use the WIA and Labor Exchange EO data reports to analyze customer participation by race/ethnicity, sex, age and disability status. Certain data is reported to the USDOL quarterly according to the individual program's reporting requirements.

The public and employers can also access non-confidential aggregate employment data generated by the agency's Labor Market and Economic Analysis unit for use in affirmative action analysis. Samples are included in the documentation for Element 7.

The UI Policy Unit and the State EO Officer receives automated statewide EO reports by race/ethnicity, gender, age, and disability to analyze pass/fail rates in various steps

METHODS OF ADMINISTRATION

of the benefits process. When significant differences in participation exist, as measured by the 80% Rule and the Two Standard Deviation Test for Statistical Significance, the disparities are discussed among the UI Benefits program management and the State EO Officer. The differences are investigated and justified or mitigated. (Attachment 6A-3)

Self-Service and Monitoring

Clients who sign-in to use the resource room computers, self-service features of the WorkSource System, must provide basic information to create a profile in the Self Service Membership Services (SSMS) system. An initial registration is automatically created in SKIES if a seeker record does not already exist. This data allows tracking of resource room self-service and is necessary to meet customer-tracking requirements. When personally identifiable information is collected, such as address or Social Security Number, EO demographic information is also to be collected on a voluntary basis.

Local EO Officers observe self-service activity, meet with and interview staff members regarding their observations and identify corrective action, if necessary. The State EO Officer, in conjunction with the WDC EO Officers, will also monitor self-service. (See Element 7)

Logs

Each WDC EO Officer and the State EO Officer maintains a log of discrimination complaints filed on the basis of race, color, religion, sex, national origin, age, disability, political affiliation or belief, and for customers, citizenship and participation in a WIA Title I program. The State EO Officer's log is a rollup of discrimination complaints in the system. See Attachment 6F-1 for a sample copy of a log. These records are maintained for a minimum period of three (3) years. Instructions are incorporated into policy directions and are included in Attachments 6F-1 and 6F-2. Also see Element 8.

Records

Records containing medical condition information that may reveal the presence of a disability are stored, secured and kept separate and apart from other information. If an entity is found to be out of compliance, corrective actions are administered. See Elements 3 and 5. Also see: Attachment 3D, State Operations Plan, regarding "Maintenance of Records"; Attachment 5B-4 for the Reasonable Accommodation Policy; and State Policy Guidelines. (Attachments 6G, 6J-1, 6J-2, 6K, 6L-1, 6L-2.1 – 6L-2.3, and 6P-2)

METHODS OF ADMINISTRATION

Records are maintained for at least three years, in compliance with state and federal regulatory requirements. All customer and recipient staff discrimination complaints are maintained for three years after the cases are closed. ESD employee and job applicant discrimination complaints are maintained for six years after closure in accordance with the provisions of disposition authority number GS 20004, Revision 0, and GS03038, Revision 0, of the State Government General Records Retention Schedule.

ESD Audit standards and OMB A133 compliance requirements ensure that records are maintained for the correct length of time and meet confidentiality requirements. (Attachments 6J-1, 6J-2, and 6K)

Enforcement Actions

The Director of CRC will be informed of all administrative enforcement actions or lawsuits that allege discrimination on one or more of the bases outlined above and prohibited by Section 188 of the WIA.

ELEMENT SEVEN

MONITOR RECIPIENTS FOR COMPLIANCE (29 CFR 37.51 – 37.54)

Washington State addresses how it and its recipients are complying and will continue to comply with the requirements of 29 CFR 37.54(d)(2)(ii). The State is required to establish procedures to monitor periodically all aspects of the recipient's compliance with WIA Section 188 and 29 CFR Part 37.

The State Equal Opportunity (EO) Officer conducts in-depth EO/nondiscrimination compliance monitoring reviews of each WDC biennially to assess their compliance with the EO and nondiscrimination provisions of Section 188 of the Workforce Investment Act (WIA) and 29 CFR Part 37 and provides training and technical assistance to WDC EO Officers regarding their monitoring responsibilities and activities.

The WIA program monitoring team in the Employment Security Department's (ESD) Internal Auditing and Monitoring Office conducts on-site program monitoring reviews of WDCs and selected WDC recipients once a year. (Attachment 7C-2) When the monitoring team finds what appears to be an EO/nondiscrimination issue, the staff informs the State EO Officer. The State EO Officer reviews the information and determines whether follow-up, technical assistance and/or an in-depth EO compliance review are necessary.

State EO Officer and WDC EO/nondiscrimination monitoring follows procedures listed in the Employment Security Department and Workforce Development Council Equal Opportunity and Nondiscrimination Monitoring Guide. (Attachment 7A-1)

A necessary component of conducting EO/nondiscrimination monitoring is conducting data analysis. Data analysis consists of:

- Comparing the percentage of eligible applicants or applicants in an EO demographic group to the percentage of the civilian labor force in your county or counties. This determines if we are reaching our eligible population.
- Using the 80% Rule and the Two Standard Deviation Test for Statistical Significance to determine if there are significant differences in participation among EO groups. Here we compare success rates of customers from, for

METHODS OF ADMINISTRATION

example, eligible applicants to applicants, applicants to participants, participants to positive exits or participants to entered training and completed training.

- When significant differences are found, investigating the reasons for the disparity to determine if it is caused by a neutral policy or practice. When the policy or practice is found to be a justifiable business necessity, we document what was found. If there is no justifiable business necessity found, we attempt to mitigate the effects.

State EO Officer Monitoring

The State EO Officer conducts EO/nondiscrimination reviews of WDCs, the UI Benefits program, Employment Service programs and the State Board. (Attachment 7A-2) Given the number of programs to monitor, the State EO Officer will solicit assistance from program staff and flex the monitoring schedule as needed.

WIA PROGRAMS

The State EO Officer compliance monitoring reviews normally consist of desk reviews and on-site reviews. Depending upon previous review findings, only a desk review or an abbreviated desk review and a walk-through of facilities may be warranted. Each WDC is reviewed every two years (more or less if warranted). The two-year period is based on best practices after years of monitoring for EO/nondiscrimination compliance. More importantly, it is also based on the practice of the USDOL Civil Rights Center (CRC) asking for two years data and information when monitoring states and their local boards. CRC monitors approximately 20 state and local areas per year.

Factors that may influence the frequency of State EO Officer reviews: repeat findings, failure to attain compliance by stipulated timeframes, failure to monitor recipients, the number of discrimination complaints filed, or deficient data analysis, etc.

Once each year, the State EO Officer conducts a comprehensive review of a WDC scheduled to be reviewed. This is a review of the WDC and every WDC recipient in the local area. WDCs are selected based on the results of prior reviews or due to the complexity of providing service in the workforce development area. Four comprehensive reviews have been conducted since this effort began and the results have been worth the efforts. These reviews assist the State EO Officer in determining if all WDC recipients are adequately reviewed and assist the WDC in determining how to review its recipients.

Reviews of WIA programs normally consist of, but are not limited to:

METHODS OF ADMINISTRATION

- An interview with a manager or supervisor using a questionnaire covering the elements of the Methods of Administration
- A review of data analysis using the 80% Rule and Two-Standard Deviation Test for Statistical Significance
- Participant file reviews and medical/disability records file review;
- A review of job orders
- Interviews with staff and customers using a questionnaire
- A review of WDC EO monitoring reports
- A walk-through using a checklist.

Questionnaires and checklists are found in the ESD and WDC EO/Nondiscrimination Monitoring Guide. (See Attachment 7A-1)

Following the WDC monitoring review, the State EO Officer conducts an exit meeting with the appropriate manager to discuss the findings. Follow-up monitoring may be scheduled if deficiencies are found or corrective action is needed. The State EO Officer is responsible for developing a report of each visit. The WDC Executive Director and EO Officer, Employment System Policy & UI Director, Workforce and Career Development Division (WCDD) Director, and Human Resources and Operational Support Division Assistant Commissioner receive a copy of the report. (Attachment 7A-1 and 7A-2)

In addition to the Adult, Dislocated Worker, In-School Youth and Out of School Youth programs, WDCs review state programs, as defined in 29 CFR Part 37, such as:

- YouthBuild
- National Emergency Grants
- Rapid Response
- Other State Programs as funded (see Attachment 7D – ‘Programs to be Included in the MOA and Monitored by a State’ from CRC)

UI BENEFITS PROGRAM

The State EO Officer conducts UI benefit program EO/nondiscrimination monitoring reviews on a two or three year basis depending on State EO Officer availability. Reviews consist of, but are not limited to, monitoring:

- Data analysis and investigation of monetary determinations, non-monetary determinations, separation and non-separation issues, lower level appeals and higher level appeals;
- Services to LEP customers and customers with disabilities;

METHODS OF ADMINISTRATION

- An onsite interview with claims centers' administrators and staff;
- Management and staff EO/nondiscrimination training;
- Benefits accuracy; and
- EO taglines and posters.

A Language Specialist, a data manager and a staff from UI Policies assist with the review.

Reviews of the UI Benefits program normally consist of, but are not limited to:

- An interview with Claims Center managers using a questionnaire covering the elements of the Methods of Administration
- Data analysis using the 80% Rule and Two-Standard Deviation Test for Statistical Significance
- Interviews with staff using a questionnaire to determine staff knowledge of EO/nondiscrimination requirements
- A walk-through of Claims Centers using a checklist.

EMPLOYMENT SERVICE

The State EO Officer monitors employment service programs including:

- UI Reemployment
- Veteran
- WorkFirst
- Migrant Seasonal Farmworker

The Labor Exchange Equal Opportunity Report found in the Services Knowledge and Information Exchange System (SKIES) is analyzed to determine if significant differences exist. If any are found, the State EO Officer collaborates with the appropriate program office to have them investigate and justify the findings or attempt to mitigate the effects.

With the current staffing of the State EO Officer, these programs are monitored every three years.

Reviews of the UI Benefits program normally consist of, but are not limited to:

- An interview with a manager or supervisor using a questionnaire covering the elements of the Methods of Administration
- Data analysis using the 80% Rule and Two-Standard Deviation Test for Statistical Significance

METHODS OF ADMINISTRATION

- Interviews with staff using a questionnaire to determine staff knowledge of EO/nondiscrimination requirements

TRADE ACT

The State EO Officer will monitor Trade Act Programs while monitoring WDCs as this program is administered through WorkSource Centers and Affiliates.

Reviews of Trade Act programs normally consist of, but are not limited to:

- An interview with a manager or supervisor using a questionnaire covering the elements of the Methods of Administration
- Data analysis using the 80% Rule and Two-Standard Deviation Test for Statistical Significance
- Participant file reviews and medical/disability records file review;
- Interviews with staff using a questionnaire to determine staff knowledge of EO/nondiscrimination requirements

STATE BOARD

The state EO Officer monitors the State Board for adherence to the EO/nondiscrimination requirements of Section 188 of the WIA and 29 CFR Part 37. Reviews will be conducted every two years starting in December 2014. Depending on the findings and the availability of the State EO Officer, reviews may be scheduled every three years.

Reviews of the State Board will consist of, but are not limited to:

- An interview with a manager or supervisor using a questionnaire covering the elements of the Methods of Administration
- Interviews with staff using a questionnaire to determine staff knowledge of EO/nondiscrimination requirements

WDC EO Officer Monitoring

WDC EO Officers develop procedures and monitoring tools for monitoring their recipients' compliance with Section 188 of the WIA, 29 CFR Part 37 and applicable WIA state policies. Monitoring tools for WDCs are available in the ESD and WDC EO Monitoring Guide. They include a questionnaire covering the elements of the MOA, a participant file review and disability/medical file review worksheet, and a facility walk-through checklist.

Each WDC EO Officer monitors the activities of recipients in the local workforce development area to ensure equal opportunity and nondiscrimination. Policies and

METHODS OF ADMINISTRATION

procedures regarding monitoring and oversight requirements for compliance reviews have been disseminated to the local level. Those monitoring and oversight requirements together with EO monitoring instruments are the methods and processes used to conduct and organize the review. (Attachments 2G and 7A-1)

The USDOL Civil Rights Center defines training providers on the Eligible Training Provider list as recipients and has informed State EO Officers at National Association of State Workforce Agencies Equal Opportunity Committee meetings and training conferences that training providers are to be monitored also. See 29 CFR §37.54(d)(2)(i). Training providers include private schools, community colleges and four-year colleges.

The State Board's WIA Policy #3635 requires that Eligible Training Providers maintain performance levels, provide records to the Board annually, and allow reviews and audits. (Attachment 7C – 3) The State EO Officer, while conducting a review of the State Board in December 2014 will advise the board to include the requirement to maintain records by equal opportunity demographics for applicants, eligible applicants, registrants, etc. as required at 29 CFR §37.37(2) and to be monitored as required at 29 CFR §37.54(d)(2)(ii)(A).

WDC EO Officers are responsible for monitoring Eligible Training Providers in their areas. At this point, requirements are to conduct data analysis for private schools. However, if a WDC 1) has reason to believe a partial or full review is warranted for a provider or providers because of the results of data analysis or otherwise, or 2), if the WDC would like to conduct a full or partial monitoring review for its training providers as a regular practice the EO Officer it can do so. The State EO Officer will provide guidance.

Even when records provide small numbers for analysis, State and WDC EO Officers 1) must compare the percentages of the demographic groups in each step of the training delivery process against each other and 2) compare the percentages of the civilian labor force against the percentages of eligible applicants or applicants, to determine if the percentages or numbers are sensible. For example, if there is a small but diverse group of eligible applicants or applicants but only members of one group go on to be participants and positive exiters, this will be examined to determine whether there is a justifiable reason for the occurrence. This holds true for analyzing other programs as well.

WDCs must use a monitoring instrument that covers the elements of the Methods of Administration and the procedures outlined in the EO/nondiscrimination monitoring guide. See Attachment 7E for WDC monitoring plans.

Monitoring Elements

State and WDC EO Officers conduct the following monitoring and oversight activities covering the nine elements of the Methods of Administration:

- **EO Officer Designation** (29 CFR 37.23 - 37.28)
Ensure EO Officers have been appointed, training is ongoing, assigned EO duties do not constitute a conflict of interest, EO duties are being carried out, and the name of the EO Officer is identified.
- **Notice and Communication** (29 CFR 37.29 - 37.36)
Ensure "Equal Opportunity is the Law" posters have been distributed and posted in prominent locations for public viewing and that recruitment brochures and other materials include the EO tagline and a teletype (TTY) number or relay service number for individuals with disabilities. Additionally, any written materials (policies, notices, checklists, brochures, etc.) are reviewed to ensure the EO/nondiscrimination requirements have been met.
- **Assurances** (29 CFR 37.20 - 37.22)
Review training plans, contracts, agreements, and policies and procedures to ensure EO/nondiscrimination compliance.
- **Universal Access** (29 CFR 37.42)
In their recruitment efforts, recipients ensure that materials, brochures, and public service announcements are aimed at broadening the pool of those considered for employment or participation in programs and activities. This includes members of both sexes, various racial/ethnic groups, various age groups, individuals with disabilities and persons with limited English proficiency.
- **Compliance with Section 504 of the Rehabilitation Act of 1973, as amended** (29 CFR 37.57 – 37.9)
Ensure compliance with the disability-related requirements of WIA Section 188 and Section 504 of the Rehabilitation Act.
- **Data and Information Collection and Maintenance** (29 CFR 37.37 - 37.41)
Ensure collection and maintenance of records or data necessary to determine compliance, e.g., EO/nondiscrimination recordkeeping procedures, policy issuances, reports, complaint logs, etc.
- **Development of a Monitoring System** (29 CFR 37.62 – 37.69)
Ensure monitoring tools and program policies are developed to ensure their

METHODS OF ADMINISTRATION

programs and activities are operating in a nondiscriminatory way and their recipients receive on-site monitoring reviews. Ensure data analysis and follow-up is conducted.

- **Complaint Processing Procedures** (29 CFR 37.70 - 37.89)
Ensure discrimination complaint procedures are adhered to and that complaint logs are maintained.
- **Corrective Actions and Sanctions** (29 CFR 37.54(d)(2)(C)(vii))
Ensure WDCs impose corrective actions with time limits, and considers sanctions if voluntary efforts at compliance fail.

Sanctions

If deficiencies are identified, State or WDC EO Officers provide on-site technical assistance. When the deficiencies are included in the compliance review report, the recipient or state program must comply by the due date. If compliance is not attained through voluntary means, a corrective action plan or conciliation agreement may be necessary. After attempts to obtain voluntary compliance fail, the matter is raised to the Commissioner. See Element 9.

ELEMENT EIGHT

COMPLAINT PROCESSING PROCEDURES (29 CFR 37.54(d)(1)(vii)) (29 CFR 37.76 – 37.79)

Washington State addresses how it and its recipients are complying and will continue to comply with the requirements of 29 CFR 37.76 through 37.79 regarding complaint processing procedures.

Background

The State of Washington is committed to providing equal opportunity (EO) and ensuring nondiscrimination in employment and services. The Revised Code of Washington (RCW) 49.60 - the Washington Law Against Discrimination, prohibits discrimination on the basis of age, sex, marital status, race, creed, color, national origin, military or veterans status, sexual orientation or gender identity, the presence of any physical, sensory or mental disability, and the use of a trained dog or service animal by a person with a disability. (Attachment 2A)

In addition, the following Executive Orders and Directives were issued:

- Executive Order 13-01 — Veterans Transition Support
- Executive Order 13-02 — Improving Employment Opportunities and Outcomes for People with Disabilities in State Employment
- Executive Order 12-02 — Workforce Diversity and Inclusion (Attachment 2B)
- Governor's Directive 98-01 — Implementation of Initiative Measure 200 (Attachment 2F)
- Executive Order 96-04 — Implementing the Americans with Disabilities Act (Attachment 2E)
- Executive Order 89-01 — Sexual Harassment (Attachment 2D)

In 1998, Washington State voters approved the passage of Initiative 200, which supports equal opportunity but forbids race, color national origin and sex to be considered in the final selection of candidates for employment. However, the statute does not impede Washington's ability to comply with federal nondiscrimination provisions or requirements.

The Employment Security Department (ESD) and WDCs maintain compliance with the Section 188 of the Workforce Investment Act (WIA) and its regulations regarding the processing of discrimination complaints.

Every recipient under WorkSource Washington adheres to WIA Policy Number 1012 - Complaint Resolution and Attachment A - the WorkSource Complaint Handbook, which includes a discrimination complaint form. A new Spanish discrimination complaint form is being developed and should be completed by in January or February 2015. Workforce Development Councils (WDC) may develop their own discrimination complaint policies and procedures, but they must not conflict with WIA Policy 1012 and Attachment A. (Attachment 8A – 1 and 8A – 2)

ESD maintains a separate discrimination complaint policy and procedure for its employees and customers, ESD Policy and Procedure Number 0013 - Discrimination Complaint Processing. (Attachment 8B)

Process

It is the policy of ESD and WDCs to advise WorkSource customers and employees of their right to file a discrimination complaint. Any person who believes that he or she has been discriminated against on the basis of race, color, national origin, religion, sex (including sexual orientation and gender identity), age, disability, political affiliation or belief, and for customers only, citizenship or participation in a WIA Title I program, has the right to file a discrimination complaint. Discrimination complaints must be filed within 180 days of the alleged discrimination. Customers may file with their WDC Equal Opportunity (EO) Officer, the State EO Officer or the Director of the Civil Rights Center, U.S. Department of Labor. If the complainant is at least 16 years old but less than 18 years old, the complainant's parent or legal guardian signs the written discrimination complaint.

The discrimination complaint process provides for prompt and equitable resolution of complaints and includes the following elements:

- A written and signed discrimination complaint;
- A Notice of Receipt that includes:
 - the issues raised in the complaint, identifying those that will be investigated and those that will not (and why not);
 - a notice of right to representation; and
 - an invitation to alternative dispute resolution (ADR) or mediation;
- A period of fact-finding or ADR if accepted; and

METHODS OF ADMINISTRATION

- A written Notice of Final Action.

Upon receipt of a discrimination complaint, EO Officers are required to keep the following information confidential to the maximum extent possible, consistent with applicable law and fair determination of the complaint:

- The fact that the complaint has been filed;
- The identity of the complainant(s);
- The identity of individual respondents to the allegations; and
- The identity of any persons(s) who furnished information or assisted in a complaint investigation.

If the State or WDC EO Officer determines that he or she does not have jurisdiction over a discrimination complaint, the EO Officer is required to:

- Inform the complainant of this decision in writing;
- Inform the complainant of the entity that has jurisdiction and
- Promptly refer the complaint to that entity, explaining the circumstances.

A discrimination complaint log is maintained by each WDC EO Officer and at the state level for logging, tracking and reporting discrimination complaints. This log must contain:

- The date the complaint was filed;
- The name and address of complainant;
- The basis of complaint;
- A description of complaint;
- The disposition of complaint; and
- The date of the disposition.

Information that could lead to the identification of a particular individual who filed a complaint must be kept confidential.

Recipients are monitored to ensure they comply with the discrimination complaint process.

Responsibilities

The State EO Officer has overall responsibility for developing and implementing departmental discrimination complaint procedures, ensuring agency recipients develop their procedures, and ensuring staff (including recipient staff) are

METHODS OF ADMINISTRATION

provided the training required by 29 CFR Part 37. The State EO Officer provides oversight, monitoring and technical assistance for the processing of all discrimination complaints, including provision of the ADR/mediation services required under 29 CFR Part 37.

WDC EO Officers are responsible for:

- Publicizing and implementing their own or the WIA discrimination complaint process in their local area, in accordance with 29 CFR Part 37;
- Assisting local WorkSource customers in filing a discrimination complaint;
- Providing oversight and monitoring for logging, tracking, reporting and processing discrimination complaints filed against a local recipient, including training providers, in their workforce development area;
- Providing intake to determine if the complaint is covered by 29 CFR Part 37, resolving jurisdictional issues and, if appropriate, routing the discrimination complaint to the appropriate entity that has jurisdiction for processing; and
- Providing EO/nondiscrimination training within their respective areas.

The WDC EO Officer confers with the State EO Officer promptly upon receipt of a discrimination complaint, prior to determining jurisdiction over the matter.

The State Monitor Advocate oversees WorkSource Centers and/or affiliate sites that have a significant number of Migrant and Seasonal Farmworkers in their area. The Monitor Advocate is also ESD's Employment Service Complaint Officer and is located in the Workforce and Career Development Division. The State Monitor Advocate forwards discrimination complaints to the State EO Officer.

Communication

Information about the discrimination complaint process is available to department and recipient staff, as well as customers. We display posters informing and instructing individuals on discrimination complaint procedures throughout the WorkSource system at WDC and recipient sites. During the initial applicant intake interview, an explanation of the full range of services available and the discrimination complaint process is provided to applicants. Applicants also receive a handout or brochure that explains services provided and the discrimination complaint process. This handout has been translated into Spanish and is accessible to clients needing other formats or additional assistance upon request. All ESD staff members have access to a copy of their discrimination complaint procedure on Inside ESD.

WASHINGTON STATE

METHODS OF ADMINISTRATION

UI claimants are responsible for understanding the contents of the Handbook for Unemployed Workers, which includes information on how to file a discrimination complaint. A copy of the handbook is attached. (Attachment 2M-9)

The ESD Internet site contains an "Equal opportunity" link in the banner at the bottom of each page that links to the EO/nondiscrimination web page where the EO Notice of Rights, EO tagline, WIA and ESD discrimination complaint procedures and forms are located. (See Elements 2 and 7)

ELEMENT NINE

CORRECTIVE ACTIONS/SANCTIONS (29 CFR 37.54(d)(2)(C)(vii))

Washington State addresses how it and its recipients are complying and will continue to comply with the requirements of 29 CFR 37.54(d)(2)(C)(vii).

Background

The Employment Security Department (ESD) will seek corrective action from a Workforce Investment Act (WIA) recipient or state program (as defined at 29 CFR §37.4) when a violation is identified in the following circumstances:

- The State Equal Opportunity (EO) Officer's EO/nondiscrimination monitoring review using desk audits, on-site reviews or observations identify 1) a technical deficiency, 2) a failure to follow through on written assurances, or 3) a barrier to universal access to, or disparate impact in, programs or services.
- The assessment of the circumstances surrounding a discrimination complaint and/or investigation, or other fact-finding tools reveals barriers to equal opportunity or equal access to WIA, Employment Service, UI Benefits or other state programs as defined at 29 CFR §37.4.
- A recipient refuses to implement voluntary corrective actions, submit requested data or documentation, or provide access to premises or records during a compliance review.

ESD has notified its recipients of their responsibility to adhere to the nondiscrimination requirements of 29 CFR Part 37 through issuance of WIA Title I-B Policy Number 3445 – Equal Opportunity and Nondiscrimination and the Methods of Administration. (Attachment 2G) Workforce Development Councils (WDC) are required to establish policy and procedures for obtaining prompt corrective action or, as needed, applying sanctions when a recipient is not in compliance with the EO/nondiscrimination provisions of Section 188 of the WIA, Title VI of the Civil Rights Act of 1964, as amended, or related laws.

Voluntary Compliance

LEVEL ONE - If the need for corrective action is identified by the State EO Officer, he or she notifies the recipient in writing of the violation(s) with recommendations for voluntary corrective action. The recipient is given a due date to comply. When feasible, corrective action should be completed within 45 days from the date of initial notification of the violation. The State EO Officer provides technical assistance and consultation on the specific action(s) to correct the violation(s).

LEVEL TWO - If Level One fails, the recipient and the State EO Officer enter into a conciliation agreement drafted by the State EO Officer based on 29 CFR Part 37, specifying the commitment the entity will undertake to correct the violation(s), behavior and/or practice and to ensure it will not recur. The conciliation agreement must:

- Be in writing;
- Address each cited violation;
- Specify the corrective action or remedial action to be taken within a specified period of time to come into compliance;
- Provide for periodic reporting on the status of the corrective and remedial action;
- Provide that violations will not recur; and
- Provide for enforcement for a breach of agreement.

The State EO Officer or designee conducts follow-up visits or monitoring if required.

Final Determination

LEVEL THREE – After all efforts for voluntary compliance have been exhausted, the State EO Officer notifies the ESD Commissioner in writing. This notice specifies the following:

- Efforts made to achieve voluntary compliance, along with the areas of disagreement (if known);
- The apparent violation(s) and pertinent EO/nondiscrimination provision(s) of 29 CFR Part 37; and
- The corrective action the recipient must take to address the violation(s).

The ESD Commissioner may secure voluntary compliance with the recipient through a written assurance and/or conciliation agreement. However, if voluntary compliance cannot be obtained, the Commissioner may issue a final determination that contains the following information:

- A statement of the efforts made to achieve voluntary compliance, and a

METHODS OF ADMINISTRATION

statement that those efforts have been unsuccessful;

- A statement of the areas of disagreement;
- A list of any modifications to the findings of fact or conclusions that were set forth in the initial notice of findings by the State EO Officer;
- A statement of the recipient's liability and, if appropriate, the extent of that liability;
- A description of the corrective or remedial actions that the recipient must take to come into compliance;
- A notice that if the grant applicant or recipient fails to come into compliance within 10 days of the date on which it receives the Final Determination, the recipient first will be given the opportunity for a hearing. The Commissioner then considers the following sanctions:
 - Termination of future funding;
 - Disallowance of selected costs;
 - Restriction from bidding on competitive or discretionary funds; or
 - Reduction in funding.

WDCs model these procedures for ensuring compliance with their recipients.
